

Visit [www.123-reg.co.uk](http://www.123-reg.co.uk) or any other website hosting company that you choose (instructions are for 123-reg)

Take your time to choose your domain names using the Domain Search facility supplied by 123-reg. I would suggest using .co.uk or .uk which cost £6.99 each per year or thereabouts. They might even have a buy 1 get 1 free offer!

**Search results**

<b>.CO.UK</b> Available	testing2.co.uk	<b>BUY 1 GET 1 FREE</b>	2 Years - £13.98		<b>ADD</b>
<b>.UK</b> Available	testing2.uk	<b>BUY 1 GET 1 FREE</b>	2 Years - £13.98		<b>ADD</b>

Once you have chosen names that you are happy with, purchase them and then log into your 123 Account Control Panel.

Select one of your Domain Names from the dropdown list and click Manage

Your domain name(s) will soon expire, [please renew them now](#).

### Domain basics

Web forwarding

Select Add

<input type="checkbox"/>	lowerspendingsolutions.co.uk	n/a	web forwarding not set up	<b>Add</b>
--------------------------	------------------------------	-----	---------------------------	------------

This will take you to:

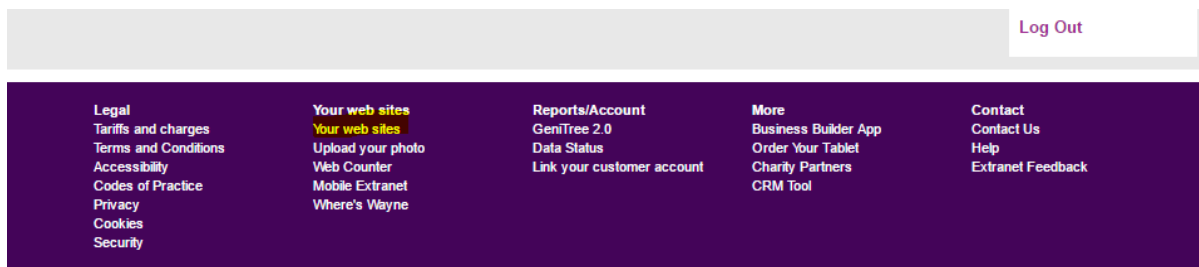

Forward **lowerspendingsolutions.co.uk**

to:

(e.g. <http://yourdomainname.com/directory>)

**Confirm**

Now go to your Extranet Log in and scroll to the bottom of the front page and select your websites

Find your residential site and highlight and copy

Your Utility Warehouse residential site is located at

<http://www.utilitywarehouse.org.uk/702025>

Now paste into the form back at 123-reg and select confirm

Forward **lowerspendingsolutions.co.uk**

to:

(e.g. http://yourdomainname.com/directory)

Your site is now forwarded onto your Utility Warehouse Services website.

## Web forwarding
